

CELLINI
TIME

THE ESSENCE OF A TIMELESS CLASSIC

Hours, minutes and seconds form the essence of time. The Cellini Time reinterprets the codes of classic watchmaking with an elegant modernity. On the dial, the hour markers are divided by a minute track, which brings a contemporary touch to this understated timepiece. The hour and minute hands, shaped like two-edged swords, count off the time with the full precision of a Rolex Superlative Chronometer movement.

VERSIONS

The Cellini Time is offered in a 39 mm case in 18 ct white or Everose gold, with a white lacquer or black lacquer dial.

It is fitted on an alligator leather strap, in brown or black, with an 18 ct white or Everose gold buckle to match the gold of the case.
